# DAGESTAN STATE MEDICAL UNIVERSITY

In 1932 the Council of People's Commissars adopted a historic resolution of Dagestan State Medical Institute foundation in order to prepare the medical staff for Dagestan itself and other North Caucasus republics. Special attention was paid to the medical staff training of the indigenous republic nationalities. Initially, Dagestan State Medical Institute had the limited theoretical and clinical base and the only department of general medicine. Annually, there were accepted about 150 people for the first course. The Institute departments were mainly headed by the Candidates of Sciences.

At DSMU there a highly qualified teaching staff has been formed, which is characterized by high professionalism and dedication to their profession. It supports and develops the traditions established by the university old-stagers. There are 706 teachers working at the university, including 66 Professors, 179 Associate Professors, 418 Candidates of Medical Sciences, and 116 Doctors of Medical Sciences.
