

# IBRAHIM Medical College

Private College of Bangladesh

# IBRAHIM Medical College

---

The college is associated with Bangladesh Institute of Research and Rehabilitation for Diabetes, Endocrine and Metabolic Disorders (BIRDEM), which is the largest medical organization in the world for diabetes treatment, a 600-bed multidisciplinary teaching hospital founded by national professor Muhammad Ibrahim. The hospital was established in 1980 with the financial support of Bangladesh. At BIRDEM, 3,000 patients are treated in the outpatient department every day. No other hospital in Bangladesh or elsewhere treats so many diabetes patients. According to Denmark-based multinational pharmaceutical company Novo Nordics Vice President of the Pacific Ocean, Selvam Afsar Tuna, this is the world's largest hospital in treating diabetes. It has been designated as a WHO Collaborating Centre on Diabetes, Endocrine and Metabolic Disorders, as the only one of its kind in Asia.

Nation has a commitment to develop an equitable health care system to ensure 'Health for All' and sustainable quality of life for the people of Bangladesh. To translate this commitment into a reality we need caring, skilled, confident, devoted and high quality medical professionals. To fulfill this purpose, Ibrahim Medical College (IMC) has established at 1/1, Ibrahim Sarani, Shegunbaghicha in the year 2002 by Bangladesh Diabetic Samity (BADAS) after the name of late national professor Dr. Md. Ibrahim v/ho was a legendary physician, teacher and social reformer.

BADAS has established Ibrahim Medical College with a vision to develop it as a 'trend-setter' medical institution in terms of high standard of medical education and research. IMC has a large and experienced faculty members with a well equipped college and a multi-disciplinary hospital facility. BIRDEM General Hospital which is a about 750 bed multi-disciplinary hospital complex at Shahbagh is the teaching hospital of IMC. The hospital has been recognized nationally and internationally as a centre of excellence for medical services and research and has been designated as a World Health Organization (WHO) collaborating centre on diabetes and endocrine disorders.

# Quick Facts
