**GOVT UNIVERSITY IN RUSSIA**

# North Ossetian State Medical Academy

The North Ossetian State Medical Academy may be a modern multilevel system of continuous training of specialists with higher medical and pharmaceutical education. More than 3,500 students, interns, residents, graduate students, doctors who undergo primary specialization and retraining, thematic improvement are trained at the Academy annually. The structure of the university has 7 faculties, 40 departments, its own clinics, Central lab, psychological and pedagogical service, centers for practical training and testing, a contemporary library with an electronic room and 22 computer classes, providing all students with access to scientific and academic Internet resources.

An important area of activity of North Ossetian State Medical Academy is the development of international relations, in particular, partnerships have been formed with the German Academic Exchange Service (DAAD). The Academy is rapidly developing scientific, pedagogical and methodological schools. Much attention is paid to the formation of an independent work organization system, which is a crucial stage within the implementation of the content of professional educational programs.

Our first priority today is that the formation of professional competencies of the longer term doctor, competitive, highly educated, with a lively lifestyle, and improving the standard of his practical training. The Academy plans to make simulation centre equipped with modern medical equipment, distance learning centre, and therefore the development of telemedicine.
