Southern Medical College

Southern Medical College & Hospital (SMCH) was established in 2005 aiming to give nation a group of luminous medical graduates who can help the have-nots by providing highest possible quality of compassionate and cost-effective care and treatment, to each and every patient, producing high levels of patient satisfaction. The main object of the institute is to demonstrate high-standard of medical education, training of personnel and to conduct experiments and research in various disciplines of medical sciences. The aim of our college is not to make only doctors but to make sensible human being. The number of medical college is not enough to meet the requirement of people. To make our students dynamic we have already contacted some foreign medical colleges to get real time lessons from reputed medical college through teleconferencing, video conferencing, etc. Our faculties are not only teachers but mentors as well. Our institution has facilities to train Medical and Paramedical staff. We are committed to enhance the quality of life through improved health care, the preparation of those professionals who will serve the health needs of others and the discovery of knowledge that will benefit us all.
